Venture Commercial Opens Houston Office

DALLAS, TX -- Leading Dallas commercial real estate company Venture Commercial today announced it has opened an office in Houston to provide project leasing services as well as tenant representation.

The office, located at 1330 Post Oak Boulevard, is headed by partners Bryan Danna and Mabry Campbell. Both Danna and Campbell, formerly of Orr Commercial, joined Venture Commercial as partners in August. The office is also served by two additional brokers.

“Our decision to open a Houston office evolved as a result of client requests,” said Mike Geisler, Venture Commercial founding partner. “We have a number of clients who own property in Houston as well as Dallas who asked us to represent them there. With Bryan Danna and Mabry Campbell at the helm, our clients can expect the same superior service and results that Venture provides in North Texas.”

About Venture Commercial - Venture Commercial is one of Texas’ leading retail brokerage companies with 26 brokers in offices in Dallas/Fort Worth and Houston. Venture Commercial was founded in 1999 to create a new standard of excellence for the Texas commercial real estate market. Today, Venture Commercial leads the DFW area in retail brokerage services.
